TOOTING BEC LIDO

Tooting Bec Lido is the largest fresh water pool in England and offers a welcome sanctuary from the hustle and bustle of London. Set on Tooting Bec Common, the pool is circled by trees and gives you a chance to swim in the open air, enjoying the birdsong and your closeness to the elements.

Much has been written in the press recently about the benefits of cold water swimming, and regular users of Tooting Bec Lido would agree that a bracing winter dip can clear your head and boost your energy levels.

The Lido is open every day of the year, but only members of the South London Swimming Club can swim here in the winter. So why not discover the pleasures of cold water swimming for yourself by joining the Club?

From September to May the pool is open to members from 7am (or dawn, if it is later) until 2pm. There is a hoist that enables people with disabilities to get into the water, with the help of the lifeguards. The Club holds races every Sunday morning, and whether you are eight or 80 you will have a chance to become involved in an active Lido community. Club members can also take part in training sessions at an indoor pool on Monday evenings.

Annual membership of the South London Swimming Club runs from April to March and also gives you free entry to the pool throughout the summer. However, winter membership, lasting until March 2009, is still available at a reduced rate.

On behalf of the South London Swimming Club, I would like to welcome you to Tooting Bec Lido and the UK Cold Water Swimming Championships 2009.

This is fast becoming an annual fixture in the swimming calendar – last year we hosted the international Winter Swimming Championships, which were hugely successful and attracted contestants from as far away as Australia, Canada and Russia.

I would like to thank the army of volunteers who make the championships possible – from the organisers, who put in many hours of hard work, to the dozens of people who help on the day. The participation of club members and their friends and relatives is crucial. In fact, the task is so Herculean that last year's helpers won the Wandsworth Volunteer Team of the Year award.

Thanks also to Wandsworth Borough Council, DC Leisure and all the lifeguards who have helped us stage this event.

If you are swimming today, you will be able to thaw out afterwards in the log cabin sauna, donated to the Club last year by its makers, the Finnish company Honka. Or you can relax in the hot tub, kindly lent to us by the Outdoor Swimming Society.

Good luck in your races – and we hope to see you at the Lido again.
